

MORE FROM WOOD.

EGGER T&G Structural Flooring

EGGER's portfolio of enhanced moisture resistant structural flooring boards offer a choice of finishes and levels of protection, so you'll always have the right product for your project. All boards come as 2400 X 600 mm sheet size and are profiled on all four sides for quick and easy installation.

EGGER Protect 22mm (64/plt)

- Durable, anti-slip weather resistant surface layer bonded to both sides of the board for protection from moisture ingress for the life of the floor.
- Once fully fitted, can be exposed for up to 60 days
- Unique anti-slip surface, even in wet conditions contributes to site safety

Watch the **EGGER Protect Surface Durability** video to find out more.

EGGER Peel Clean Xtra 18mm (80/plt), 22mm (64/plt)

- P5 grade chipboard with an easy-to-peel, anti-slip woven surface film which helps prevent moisture ingress
- When trades have finished, remove the film for a clean, well-presented floor
- Polymer coating offers added moisture barrier upon completion
- Can be left exposed to the elements for up to 42 days once correctly laid

EGGER P5 18mm (80/plt), 22mm (64/plt)

- Manufactured in the UK using diamond-tipped tooling to achieve a precision tongue and groove profile for a tighter, more consistent board joint
- Specified for use in internal conditions
- Suitable for use in damp or humid environments, such as bathrooms and kitchens

EGGER Joint & Joist Adhesive

1 litre bottle (approx. 12/plt required)

- Five times stronger than a mechanical fixing
- Unique foaming action, ideal for gap filling on uneven surfaces and joists
- Helps minimise squeaks associated with fully nailed floors
- No need for joint sealing tape to cover board joints

EGGER Advanced Lifetime Guarantee

Our EGGER Advanced Lifetime Guarantee covers the structural performance of your finished floor. Simply follow the three steps of the EGGER Advanced Structural Flooring System to benefit.
